

8100 PROCEDURE 303 Response Augmentation

(April 2009)

[\(See Policy 8133.5 - Response Augmentation\)](#)

Responsibilities and Action

ECC

1. Receives request for supplemental resources from incident. Request should include the following:
 - a) Number and ICS type and kind of resources needed.
 - b) Reporting instructions if different from first alarm.
 - c) Time needed.
2. Check status on resources under direct control.
 - a) Commit available resources to incident following the process outlined in [HB 8100p302 - Initial Dispatch](#).
 - b) Request resources needed to fill alarm from cooperators and/or Region OCC.
 - c) See Handbook 8100 Resource Ordering procedures for details on placing resource orders.
